

Khana Banaye Mazedaar

Serving Quality Spices for
54 years

PRODUCT BROCHURE

"Khana"

We can't deny that this one-letter word evokes multiple emotions in our country, and we at KBM Foods understand its importance. That's why we have been striving for the last 54 years to elevate our customers' culinary and gastronomical experience through our superior-quality spices.

Our Journey begins with our founder Lala Om Prakash Aggarwal, establishing our Company's roots in 1969 with the vision to create world-class spices manufacturing industries catering to the varied taste palate of the consumers. He always believed in providing rich, authentic and 100 % pure spices to his customers and by his dedication and persistence, he was able to carve a legacy of his own. Keeping his vision alive, his son Mr. Dinesh Kumar Aggarwal through his extreme hard work made sure that there was no compromise on the quality of our products which helped the Company reach greater heights.

For the last 54 years, we've been the country's top spice formulator and manufacturer, dedicated to providing the best value in our premium spices. We dominate the spices manufacturing sector and have a strong foothold in the Indian spice market.

Our personally handcrafted blended recipes and state-of-the-art manufacturing technology ensure that our spices retain their flavour, aroma and colour, which in turn provides that the food in front of you tastes more tempting, delectable and delicious.

In short KBM masala matlab **"KHANA BANAYE MAAZEDAR"**.

Bollywood actress Parineeti Chopra has recently joined hands with us to connect with our customers. As a famous actress and food enthusiast, Parineeti Chopra brings our team a fresh perspective and a genuine passion for good food.

With her involvement, we aim to provide our customers with the best spices and inspire them to explore new flavours and cuisines.
